SKILLS

FRONT END DEVELOPEMENT | ReactJS • Redux • NextJS • Javascript • Typescript • Tailwind • HTML • CSS

BACK END DEVELOPEMENT | NodeJS • Express • NestJS • MongoDB

SOFT SKILLS | Team Player • Deliver Results • Strong Communication

WORK EXPERIENCE

MERN Stack Developer, Knoxpo Solutions

Easy Kyc, May 2023 - Present

- Easy KYC is a KYC Gateway which provides all in one KYC solution for clients.

Roles & Responsibilities:

- Worked on building backend for Easy KYC which is based on Monolithic Architecture.
- Developed and maintained server-side logic using NestJS to ensure scalability and performance.
- Designed and developed RESTful APIs using Nest.js for efficient data exchange between the frontend and backend.
- Managed databases including MongoDB and PostgreSQL, optimising queries and ensuring data integrity.

Associate Software Developer, Nimap Infotech

Moneycontrol, July 2021 - May 2023

- Moneycontrol is a news website which is popularly known for stock market related news.

Roles & Responsibilities:

- Developed React components for user facing web application, improving the average load time by 22 to 25 percent.
- Integrated third-party APIs for fetching financial data, ensuring accurate and real-time updates on the platform.
- Implemented robust error handling mechanisms and logging frameworks like Winston for efficient debugging and monitoring.
- Acted as a bridge between frontend and backend teams, facilitating communication and ensuring alignment with project requirements.

RSBL Gold, Jan 2021 - July 2021

- RSBL Gold is an e-commerce site which enables users to buy/sell digital gold and silver coins, jewellery, etc.
- It also enables end users to make SIP investment of Gold and Silver.

Roles & Responsibilities:

- Built RESTful APIs for serving data, improving the average response time by 30 percent.
- Implemented authentication and authorization mechanisms using JWT (JSON Web Tokens) for secure user access.
- Built middleware components for logging, caching, and request/response transformations to enhance system functionality.
- Integrated razorpay payment gateway for one time payment and recurring payment.

EDUCATION

Mumbai University
B.E. Computer Engineering
Aug 2020 | VPPCOE, Mumbai
GPA: 7.12/10

Maharashtra State Board of Technical Education
Diploma in Computer Engineering
May 2017 | MHSSP, Mumbai
Percantage: 75/100

COURSEWORK

Web Developer Bootcamp
by Colt Steele | Udemy

The Modern React Bootcamp
by Colt Steele | Udemy

The Node.js Masterclass
by Leslie | Pirple

NestJS: The Complete Developer's Guide
by Stephen Grider | Udemy
